5. **Eli REES** (Isaac, Thomas, Isaac, Thomas) was born on 1-07-1783. He died on 5-19-1848. He was buried in Reesville Cemetery.

Eli is the original Rees settler in Potter County. An interesting website is <http://home.earthlink.net/~navetsusa/reesearch/05dff.html>

None of Eli's children were born in Potter County. Eli, Elizabeth and family left East Goshen township in Chester County, PA around 1820. After a short stay in Ohio, Eli's father died in Goshen (1823). Eli and family returned to Goshen.

From the History of Potter County by M. A. Leeson, Pubbed by J. H. Beers in 1890:

"In 1838 Eli Rees and John Glaspy moved from Philadelphia into the forest, what is now the township of Sylvania, near the forks of the First fork of the Sinnemahoning, at the place now known as Rees Settlement. They came into the country by the way of Jersey Shore, and, as there were no roads after leaving the turnpike, they were obliged to chop their way through the woods. Their nearest neighbor, John Nelson, lived five miles south, and in the other direction George Ayers, on Ayers' Hill, was their nearest neighbor, nine miles distant. The children of Eli Rees were: Sons - Eli, Jr., Columbus, James, Isaac, Thomas and Miller; daughters - Mary Ann (Mrs. John Glaspy), and Hannah (Mrs. Corry). The children of John Glaspy were James, Edward, Miller, Eli, Elizabeth (Mrs. Wheeler), Mary (Mrs. Logue). Eli Rees, Jr., while county treasurer, was accidentally shot and killed by D. D. Reed, in 1859. Eli Rees, Sr., came here as an agent for the Webb lands, receiving for himself 400 acres. He laid out a village plot where the tannery town of Costello now stands. Every man who bought a farm received the deed of a village lot. Farms were sold and the land brought under cultivation, but the village refused to grow until many years after, when manufacturing interests gave it a push. Within two or three years after the arrival of Rees and Glaspy, Chester Prouty came into the country. The first blacksmith was Isaac Rees. He is still living at the advanced age of seventy-seven years."

It is likely that both the Rees' and the Gillespies were Quakers: Eli was land agent for the Webb Quaker colony. Also, Haverford Township in Chester County was founded by a group of Welsh Quakers, who bought land from William Penn. The American immigrant ancestor of the Rees family, Thomas Rees, moved into the colony from Wales in 1687.

This family history and the Reesville Cemetery use the spelling GILLESPIE. The GLASBYs buried in Reesville Cemetery are also from this family.

Today there is no settlement at Reesville, merely a beautiful, peaceful valley marked by the Reesville Cemetery.

" In 1835 the first church was organized in Sylvania, Methodist Episcopal in creed. Rev. Butt and Rev. Gregg preached alternately once every four weeks at the house of Eli Rees, Sr. But the first prayer meeting was held two years before by Isaac Rees, in William Crosby's loghouse, near where the church stands now. Soon after this preachers came and held services in the house of Widow Hamilton, and formed a class of six or seven members. Isaac Rees was appointed class leader, and used to walk eight miles on Sunday to meet with his class. Isaac Rees learned the gunsmith's trade in West Philadelphia, but on coming to the colony he became a blacksmith. The first schoolhouse in Sylvania township was built by David Wilson for the land owner, Samuel Webb, in 1838. Isaac Rees taught the first school. The first gristmill in Sylvania was built by William Carson for Samuel Webb, in 1839. There was no hotel until 1861, when one was opened by William Burleson."

"Those passing the estate of Columbus C. Rees, to whom we are indebted for much useful information, will notice a large pine standing in one corner of the lot in which his house is built, near the creek. This Mr. Rees set out when he was a boy, first in the garden, but at his father's suggestion he transplanted it to its present position. Benj. Berfield informs us that at this time his father was living down the stream; remembers his father camping out with two Indians, where the campmeeting ground is now, while hunting, and also remembers lying awake, when a small boy, until 1 o'clock in the morning, listening for the report of his father's gun, who was lying in wait for a bear that had killed his sheep. The bear when brought in tipped the scales at 400 pounds."

From Leeson's History:

"O. J. REES, county surveyor, Coudersport, son of Eli and Harriet A. (Jackson) Rees, was born at Ayer's Hill, Summit township, Potter Co., Penn., in 1839. His grandfather, Eli Rees, was a native of Chester county, Penn., but removed to Potter county in 1828, and located on Sinnemahoning creek, Sylvania township. He came as agent for Samuel Webb to look after his land interests here, and, as an inducement to come, was given a deed of 400 acres of land and two village lots in Sylvania. Here he remained as agent for Mr. Webb throughout his life. Eli Rees, father of O.J., was a native of Chester county, Penn., and came here with his parents. When eighteen years of age (in 1837) he married, and in 1838 located at Coudersport, where he engaged in business as contractor and builder, erecting the court- house, churches, and most of the old buildings of the borough; for some time he was engaged in bridge building, having constructed many of the large bridges spanning the Susquehanna river. He was elected treasurer of the county in 1856. He was accidentally and fatally shot November 17, 1859, and thus terminated his career when in the prime of life, and when it was full of promise for the future. His widow is now in her sixty- seventh year, and living with her youngest son. O.J. Rees read law with F.W. Knox, beginning at the age of nineteen, but as the law required a three- years course, he gave the study up before the time was completed, as he felt it his duty to volunteer his services in response to his country's call for soldiers. He enlisted, in 1861, in Company H, Forty-sixth Pennsylvania Volunteers, and was discharged in 1864. He then lived in several of the Western States until he returned to Coudersport, in 1871. Here he followed the business of contractor and builder until 1877, when he lost an arm in a molding machine, which necessitated a change of occupation, and in the winter of the same year he began surveying. He was appointed county surveyor in 1884, was elected in 1885, and still holds that office. In 1866 Mr. Rees married, at Lafayette, Ind., Martha M., daughter of Joseph Hitchcock, and they have three children: Leonora, Eva and William Burton. Mr. Rees is a member of the G.A.R., Knights of Honor, Sons of Temperance, and Eulalia Lodge, No. 342, F. & A.M. He is a Democrat, is active in politics, has served as register and recorder for a period of five years, and has also been justice of the peace."

45. **Effie C. REES**³ (Thomas McCullough, Eli, Isaac, Thomas, Isaac, Thomas) was born on 6-13-1860.

Effie is the lady who originally compiled the information on which this history is based. She started the work in conjunction with the first Rees reunion, held in 1902. She was one of the driving forces behind the reunion. She left us this account of the reunion printed in a 2" x 2" booklet:

Minutes of our First Reunion - September 20th 1905

House of Uncle John Miller Rees. First the Account of gathering the people together. For the last twenty years I wished for a reunion of our Rees Family. No one to begin so I left my place of work at Emporium Pa, went to Austin saying, "let's have a Rees Reunion the 20th of September". The answer, nor much of a crowd, only two weeks. As I thought how the children are so sadly neglecting their parents, not from choice, but from opportunity in the busy rush for a livelihood. The parents coming into this new wild dense forest. Trailing unseeingly amidst deprivation, loneliness and hard trying perplexities. No effort for the good of the children to great to endure or undertake. Now with the grandchildren on the stage of action, no time yet to strew roses along the pathway of what's left to us.

So with these thoughts, surely we must give the survivors a greeting, so I rushed on down to Costello saying "we must have a reunion for Uncle Miller the 20th of September". No one seemed to care enough to take part until I came to Dr. (George C.) Rees. He said, "alright it will be a beginning anyway." I rushed on to Reesville, telling all along the way, "we will have a reunion for Uncle Miller the 20th of September." Going unto his house found Uncle Miller had gone to Costello. I then went to the old Homestead of our Grandfather, found the owner gone on Ayers hill. Went to the butternut grove on the Island, which seemed like an old fairy grove. Found

a lot of work needed if we had a picnic there. All our young men in lumbering woods. None I had found to help so it was surely a discouraging outlook, so I rushed back to Costello to find Uncle Miller. Found him and Dr. Rees talking of the reunion and Uncle seemed greatly pleased over the plan. He said, all come to my house, plenty good shade in the orchard, plenty cover in the house and barn, if stormy. So the fact was settled. All were asked to repeat the date to others. I sent the announcement to the Austin Autograph and also the Coudersport Journal and Enterprise. Wrote 55 letters and five postcards. As we had promised a photograph of the parents, after a visit to the Photographer, I made a trip to Coudersport, Roulette, Coryville and Farmers Valley gathering photographs and family records which was very trying, some not seeing any use of that. Others no time to bother. Many gave age at death for me to figure birth date from, but at last the effort was over.

Now for the day, Wednesday September the 20th. The morning was dark and rainy, apparently for all day, but if we only could reach the home, plenty of shelter there. But at nine thirty the clouds rolled away the sun shone bringing cheer and beautiful landscape scenery as it shown on the wet colored leaves of all colors of Autumn.

Now for the gathering. People coming from the north, south, east and west with the ring of merry laughter of youth until we had a crowd (about two hundred). Now the greetings and congratulations of some after long years of separations. Uncle had arranged a long table, an interesting sight, so richly spread beneath the shade of the old apple trees. This was a long happy dinner. Dinner over, Uncle called order. The crowd sang, "Nearer my God to Thee." Then invited Elder Holland to offer prayer for God's presence with our family. Elder Holland formerly of Reesville, now of Varysburg, New York, who gave us our welcome home today telling of his many years travel among our people. How he knew they stood for truth, morality and temperance, along with our Nation. Also the family stood true to principal and God. With a record of much to be proud of and little to be ashamed of, he had received encouragement and cheer from their Christ-like integrity. How his heart had been endeared to their happy homes and how today he missed the many faces death had claimed. Telling of the great toil of our parents to bring present results for us children. Note of his good words are told. He closed with a prayer of request of God our Father for the prosperity of our big Rees family in this world, as well as the world to come, reunion will have no end. Dr. Rees was chosen chairman of the business meetings.

First electing officers.

For President - T. Burney Rees

1st Vice - William Rees

2nd Vice - A.R. Cory

For Secretary - Effie (Rees) C. Champlin

Assist - Clara Rouse

Corresponding Sec. - C.R. Westfall

Treasurer - John Miller Rees

Assist - L. Bird. Rees

The selection of Committees was left to Chairman and Secretary. (This list was printed in the Potter Journal October 11th, 1905.) Then an offering of \$9.20 was taken. \$4.80 was given Elder Holland to help defray his traveling, leaving \$4.40 in the treasury. Mary Colwell called for a bit of thanks to Effie Champlin for calling the big happy family together to day. This was heartily granted. Then Mary collected \$4.50 for Effie which was 11 cents over her R&R fair in calling this gathering. A clear vote called for another reunion day one year hence at the same house. The president took charge and announced all present today, that are living one year from today, will all met here at this house to celebrate another reunion. He then gave a timely little story of a

man on a pleasure trip with his two sons, gave them each of sum of money saying, "Now enjoy yourselves for when you come again I will not be there."

The order then changed for our family photo. A platform was arranged with Uncle in the center, wife one side, Uncle Christopher Columbus wife the other side, with children gathered around. The photo was taken by Harry Rogers, one of Thomas's grandsons by law. Now the group again resumed their friendly visits. At four pm those from a distance began to leave while some lingered until dark. Uncle brought a large book and asked all to record their names. Some left their names, while many did not. Many wrote letters to Uncle. Eli's son, Charley, wrote a nice greeting from Indian territory.
Yours for Happiness
